The encounter of the frame made from aluminium and the synthetic rope covering the armrests and backrest has produced Luce, a name inspired by the lighting effects generated by the combination of the two materials.

IT Dall'incontro tra l'alluminio della struttura e la corda sintetica con cui sono rivestiti i braccioli e lo schienale, nasce Luce, il cui nome si ispira agli effetti luminosi che la combinazione dei due materiali genera.

FR La rencontre entre l'aluminium de la structure et la corde synthétique qui revêt les accoudoirs et le dossier donnent naissance à Luce, dont le nom s'inspire des effets lumineux générés par la combinaison des deux matériaux.

IT Il piano in doghe e il piedino squadrato in teak conferiscono una solidità compatta al pouf.

FR La base en lattes et les pieds carrés en teck assurent la solidité du pouf de forme compacte.

The armrest with amply spaced teak slats emphasises the welcoming, wide seat of the armchair with short, square legs and an adjustable fibre backrest, like the one on the lounge and the folding deckchair.

IT Il bracciolo con doghe in teak ampiamente distanziate, sottolinea l'accogliente e ampia seduta della poltrona dai piedini squadrati e corti e lo schienale regolabile in fibra, come quello del lettino e della sdraio pieghevole.

FR L'accoudoir composé de lattes en teck très espacées vient compléter l'assise large et accueillante de ce fauteuil aux pieds carrés et courts et au dossier réglable en fibre, comme celui du transat et de la chaise-longue pliable.
